MILLIONS TO BE SPENT BY OAKLAND TRACTION

THIRTY-FIVE MILLION DOLLARS IS AMOUNT ESTIMATED BY GENERAL MANAGER McLIMONT AS NECESSARY FOR REHABILITATION OF KEY ROUTE AND OAKLAND TRACTION PROPERTIES AND THEIR DEVELOPMENT — RICHMOND WILL GET PORTION OF APPROPRIATION

Thirty-five million dollars is the amount estimated by General Manager A. W. McLimont of the San Francisco-Oakland Terminal Railways as necessary for the rehabilitation of the Key Route and Oakland Traction properties and their future development aing the most modern ideas of transportation efficiency.

This enormous sum estimated as requisite for future development of the lines does not include the proposed extension of the Key Route to San Jose or Sacramento, but is to be devoted to the sole use of extension and improvement within the immediate vicinity of Oakland and Richmond. It is believed that when the final plans of the company are fully matured the transportation problem will have reached its highest efficiency through the proposed expenditures.

George C. Moore, representing the interests that recently looked over the traction properties, is now in London seeking a loan of $15,000,000 to finance the scheme, in addition to the $20,000,000 which is to be spent to buy up the outstanding bonds of the traction company, and it is expected that as soon as the final arrangements are made for the financing of the system upon the gigantic basis contemplated, the work or rehabilitation will commence.

It is the present plan to make Oakland the hub of a great system of overland and transbay transportation, based upon the most modern theory of traffic handling, and comprehends the extension of the present ferry service and the building of new land lines.

INCREASED TRADE FORCES STANDARD TO EXTEND POINT ORIENT WHARF

The Standard Oil company, in order to accommodate the large number of vessels plying between Richmond and Asiatic ports has been forced to build an extension to its Point Orient wharf.

The pile drivers, together with several lumber scows, are at the present tied up at the wharf. It is planned to make the wharf about 200 feet longer and to widen it to about the same number of feet which will greatly facilitate in the docking of the large liners that have recently been put on the Asiatic run.

In addition to the extension to the wharf a new tank 36x150 is being erected on the hill directly above the wharf for the storing of petrolite, a new product of the Standard Oil company, which is being used chiefly in China and India for lighting and house fuel.

It is planned to install a new pipe line from the refinery to the new tank from which the tankers will be loaded direct.

Some of the new tankers put on the Asiatic run are the Niagara, Buffalo, Samosett, Narragansett and Tamarac. Some of the new liners changed to the coast run are the El Lobo and Astabula, both of which run to South American ports, the Richmond, El Segundo and Drake plying between this port and other coast ports.

THEODORE BELL DENIES REPUDIATING SENATOR

IN A PUBLIC STATEMENT THE WELL-KNOWN STATESMAN, SAYS HE WAS MISQUOTED—HOLDS THAT NO OFFICIAL SHOULD BE RECALLED FOR VOTING ACCORDING TO HIS CONVICTIONS—STATES THAT RECALL SHULD BE APPLIED ONLY IN CASE OF PUBLIC VIOLATION OF DUTIES BY AN OFFICIAL.

Theodore Bell, who has been quoted as saying that Senator Jas. C. Owens should be recalled has comeoutin public letter to the effect that he never made the statement attributed to him. He says:

"I desire to state that I have never used the language attributed to me nor anything that resembles it. I have not expressed any opinion as to the recall election that is soom to be held in your senatorial district, and do not even know the grounds upon which Senator Owens is sought to be removed. Personally I would never vote to recall a public official unless it clearly appearee that he had corruptly violated his obligation to the public.

"If Senator Owens has corruptly violated his duties and the platform upon which he was elected, he should be recalled, but if, on the other hand, he voted for or against measures conscientiously during the last session of the legislature, no matter how much his judgment may have been against the convictions of others, he should not be stripped of his official position. The recall is not intended for the mere purpose of calling elections during a man's term of office, but simply to divest unworthy office holders of the trust that has been placed in their hands.

"I do not wish to participate in any way in the election that is now pending, and I certainly resent any attempt to misquote or misconstrue anything that I may have expressed on the subject."

"DON'T WANT THE OFFICE" SAYS DOCTOR C. R. BLAKE

"I don't want the office," said Doctor C. R. Blake yesterday when asked about the criticism being offered in connection with his acceptance of the appointment of probation officer for this district. It appears that Richmond's health commissioner never solicited the appointment and when the same was offered him supposed that Rev. Calfee, who has been acting as probation officer in this city for the past year had given up the work.

Dr. Blake has intimated that he will resign and allow Rev. Calfee to resume his duties. Rev. Calfee is well fitted for the position and in the past has made an admirable official.

TRIO ARRESTED ARE FINED $15 EACH BY JUDGE

C. Johnson, E. Carlson and N. Brimstone, who were arrested by Detective Charles Walker last Wednesday evening for disturbing the peace, appeared before Police Judge William Lindsey today and were fined $15 each after the defendants had each entered a plea of guilty to the charge specified in the complaint on file with the court. The fines were paid.

The peace disturbance, according to the testimony offered in court this morning, occurred at the Cottage bar, 1910 Macdonald avenue late Wednesday evening. The row had its inception over a nickle which had been dropped in a slot machine. Officer Walker happened to drop into the place at the time. It is said Carlson, one of the defendants, struck the officer. The latter staggered and fell across an ice chest and then drew hisrevolver and was about to strike his assailant over the head with the butt of the pistol when the other two defendants interferred. With the aid of the bartended Walker managed to place the trio under arrest and they were taken to the city prison and booked.

The defendants were extremely repentant this morning when they were confronted with the arresting officer and they concluded to throw themselves on the mercy of the court.

PEOPLE EAST OF S. P. WANT FIRE TRUCK

The residents east of the Southern Pacific are up in arms over the fact that their fire fighting facilities are not adequate enough to meet the fast growth of the district.

The residents were of the opinion that the horse drawn fire truck abandoned by Company No. 2, would be given to them when the new auto truck was received by that company but for some unknown reason the horses were turned out to pasture where they became ill and died.

John H. DeBarrows has been named by the residents as a capable driver should the horse truck be installed.

County Treasurer J. Rio Baker, of Martinez, was a visitor in this city yesterday afternoon.

FIRST ALARM BOX INSTALLED ON THIS SIDE TODAY

The first fire alarm box to be installed on this side of town was put in this morning at the corner of Ninth street and Bissell avenue. The work of installing the fire and police boxes will be rushed rapidly along so that the entire system will be completed by the first of May.

The boxes installed on the west side are as follows: Richmond and Castro avenues, Cottage and Santa Fe avenues, Washington and Scenic avenues, Standard and Clarence street, Washington and Railroad avenues and Tunnel and Scenic avenues.

COUPLE ELOPE TO FRISCO TO BE MARRIED

John P. Kandree and Miss Minnie Morelle, both of this city, slipped quietly off to San Francisco yesterday where they procured a marriage license. Following the securing of the necessary permit, the couple sought aminister and were married.

Kandree is well known in Richmond, being a member of several fraternal organizations while Miss Morelle is well known among the younger set. The couple left for a short honeymoon following their marriage to the southern part of the state and returning will make their home in this city.

LONG JOURNEY HAS ITS ENDING AT THE ALTAR

After a journey of more than 12,000 miles Miss Marie Lacabane arrived in this city yesterday from her home in southern France to become the bride of Andree Bellegarde, proprietor of the Bellegarde French laundry on Fourth street.

Immediately following the arrival of Miss Lacabane in this city the couple left for San Francisco where they were married at the French Catholic church. Bellegarde is well known in Richmond having been the former proprietor of the French laundry on the west side for several years past.

JUMPS BOARD BILL SAYS ITS MISTAKE BUT GETS 60 DAYS

Frank Ogden who was arrested at a late hour Wednesday evening in Stockton, by Officer McGowan on a charge of having jumped his board bill at the Marcollo hotel, on the corner of First street and Macdonald avenue, appeared before Police Judge Lindsey this morning and pleaded guilty to the charge for which he was given sixty days.

Ogden told his honor that there was a mistake somewhere, but he was promptly informed that mistakes are sometimes rather costly.

STROMBERG JOINS CONCERT BAND

Al Stromberg, one of the most popular musicians in this city, has joined the Richmond Concert band and will be among the many boosters in line for the band boys dance which is to be held in Pythian hall on the evening of February 28th.

The dance to be given by the band will be largely attended.

SWITCH BOARD AND POLICE DESK ON WAY

The fire alarm switch board and police desk are on their way to this city from the eastern factory of the Gamewell Fire Alarm company and will probably arrive in Richmond about the latter part of next week.

The board and desk is the last of the fire and police apparatus to arrive.

CHILD IS STRUCK BY MOTORCYCLE

The little daughter of Mr. and F. E. Claver, while playing in front of the Claver home, 147 Eleventh street, was run into last evening by a motorcycle being driven by E. Hall.

The little child received a bad cut on her head as a result of the accident. Dr. Scroggs was the attending physician.

CHURCH CHOIR IS PLANNING MUSICALE

The choir of the Wesley Methodist church have arrangements underway for the giving of a literary and musical program in the reception rooms of the church within the next few weeks.

J. L. Dearborn is at the head of the affair which promises to be one of the most enjoyable events given for some time by the members of the church choir.

SOCIALISTS MEET ON NEXT SUNDAY

The Socialists of Richmond will hold a convention at Socialist hall on Sixth street next Sunday afternoon. It is said that a candidate for state senator to oppose Jas. C. Owens, who is sought to be recalled, will be named at the convention. Nothing is known as to who will probably be named. It has been the desire of the local Socialists to have a Marin county man run, but a leader of the party who was opportuned on the subject declined.

BAPTIST LADIES PLAN SOCIALS

The ladies of the San Pablo Baptist church met at the home of Mrs. Frank McCausland yesterday afternoon at which time a business and devotional meeting was held.

Arrangements were completed at the meeting yesterday afternoon for the holding of a social in the church on the evening of February 27th and also for a sewing bee to be held in the church next Tuesday.

INDEPENDENT DEMOCRATIC Official Paper of the City of Richmond

Editorial Department

"To Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

WOMEN'S CLUB FOR PARK AND TREES

It is pleasing to note that the Richmond club, the leading civic organization of women here, has placed itself on record as favoring and intending to work for the acquirement by the city of the 52 acres of land lying between the east and west sides of the city, owned by the Santa Fe, for the purpose of establishing a big public park. The members of this club are also to be commended upon their efforts to get at least one tree planted in front of each of the 48,000 city lots here. The club hopes to get the lot owners to purchase the trees, which are cheap, and the city to help in the care of them, and it will also likely offer prizes to the school children for the best care of trees in front of their homes.

This paper has many times pointed out the need of Richmond for parks, for trees and flowers, and has suggested to the ladies that it would be right in their line to take hold of these matters and push them through to a conclusion, suggesting that inasmuch as they were beautiful themselves they were particularly adapted to overseeing the beautification of other things. Men, as a rule, are too busy with their business cares to have time to attend to the many little details of beautifying their yards, which details in the aggregate amount to a great deal to any city. Richmond has been very busy growing and building, and the planting of foliage has been very busy growing and building, and the planting of foliage has been neglected, but now these things should receive attention, and especially the attention of the women. Trees, shrubs and flowers around a home place add not only to the appearance and comfort but to the value of the place, and as we are blessed here with a climate that will allow beautiful flowers to grow out doors the year round it is almost a crime not to plant them.

In this respect Martinez is way ahead of us. In the way of trees, shrubs, lawns and flowers Martinez is one of the most beautiful spots in California. Palo Alto is another beautiful town, and thousands of people from every land remark upon its floral beauty. There is no reason whatever for Richmond not being just as beautiful. Let us all turn in now and act upon the timely suggestion of the ladies.

The park, also, is of especial merit. Richmond should have an immense park, and the longer its purchase is put off the more it is going to cost to get the land, for land is getting higher and higher in price every year, and will continue to do so more and more every future year. The intervening space between the east and west sides of the city is an eye sore, and as long as it is owned by the railroad company that is all it ever will be. Such a park as suggested would be of great benefit to everybody and add a million dollars worth of beauty and comfort to the city.

Having a sort of Democratic leaning, especially since Wilson has been president, we unhesitatingly and unashamedly advise the warring brethren of the Progressive and Regular factions of the G. O. P. to stand pat in their respective positions and fight it out on the 1912 line, now and forever.

There are a few self-elected saints in every country who never had a past worth mentioning and will never have a future of consequence. Saints are all right. We like them first rate, but we also like a good red-blooded fellow who will some time make a mistake, and has manhood enough to own it, and try to do better in future.

It is said that the grandson of Marshall Field, the merchant prince of Chicago, spends $40,000 a year while attending schoool. It seems to be a part of the great plan that after one man has built up a great fortune another shall come along and scatter it to the four winds of the earth, thus putting the money back to the sources from which it sprang, and probably it is well that such is the case.

Many physicians are declaring that there is too much surgery. Then why not cut it out?

Speaking of the currency law, President Wilson seems to have cut the ground from under the opposition without perspiring a drop.

A scientist now declares we as a people are deteriorating from the use of "dope." He must be speaking politically.

Told by Sulzer that he was going to be governor, "Boss" Murphy replied: "Like h—l you are." And just like that he was.

One good way to clean a stovepipe is to lay down on the floor, insert a cat and call the dog, but it is a mean man that will do it.

President Wilson says he "discerns natural decay in the Huerta regime." If it had been Colonel Roosevelt making the remark he would have said "it's rotten."

Luck is sometimes a fierce article. When a fellow gets a real good poker hand everybody else passes instead of "staying." Ain't it the truth, Colonel Baker?

A fortune awaits the scientist who invents a process by which this California climate can be bottled and sold to the shivering sufferers up north and back east.

A Missourian has just passed away at the age of 106 years. He used tobacco and more or less whiskey all his life, and if he hadn't he might have lived longer. Come to think of it, though, 106 is about long enough.

We went over to Banker Crary to have the new currency law explained, and as part of the argument he pointed out the red ink on our account. It is all as clear as mud now. Never did savy much about currency, nohow.

In Kansas school the pupils have "recalled" the teacher. If the idiocyncy keeps up a bunch of subscribers will be coming around here some day and "recall" this editor, and blessed if we would blame them much.

The government nearly put the express companies out of business with the parcel post, which was a procedure most decidedly socialistic. But now comes the express companies with rates lowered to an extent that are in many instances lower than the government rates. What is to be the result? It proves, of course, that the express companies have been holding up the public unmercifully for many years at their old time rates, but has not the innovation occasioned acompetition which socialism abhors. How will the contest now on effect opinions as to the comparative advantage accruing to private and public enterprise?

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. James Wright, 1119 Roosevelt avenue, Richmond, Cal., says: "I was troubled all the time with weakness and pains in the hips and loins. I was almost laid up. I got up in the morning feeling so tired, lame and worn out, that it was all I could do to start my housework. My kidneys were weak and if I caught cold, it always made me feel worse. I tried everything I heard of, but didn't seem able to get relief until I began taking Doan's Kidney Pills. I soon felt like a different woman. After I had used four boxes, all the ailments had gone and my health was fine."

No Trouble Since.

On April 21, 1913, Mrs. Wright was interviewed and said: "I haven't had a sign of kidney complaint since Doan's Kidney Pills cured me some years ago. You may continue using the endorsement I have given them before."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

LARGEST TANK STEAMER IN U.S. LAUNCHED

The largest oil tank steamer flying the American flag was successfully launched on February 11, at the Union Iron Works in San Francisco. It is the Associated Oil steamer Frank H. Buck, named after the director of the Associated Oil company, and christened by Miss Nina A. Heilbron of Sacramento. The vessel has a carrying capacity of 62,000 barrels in bulk and cost nearly a million dollars. Through the efforts of William Sproule, president of the Southern Pacific and the Associated Oil, it was built on the Pacific Coast instead of the east.

The Frank H. Buck will be the tenth of the Associated's fleets and has been modeled on a larger scale after the Chanslor and the Herrin. It will ply between Pacific coast ports.

The general dimensions are: length between perpendiculars, 410 feet; moulded depth of upper deck, 31 feet, 8 inches; height between decks, 7 feet, 6 inches; the single screw propeller will be driven by steam from four single-ended Scotch boilers, capable of developing 3500 horsepower and a speed of ten knots an hour under load. Two cargo pumps will discharge the cargo of 62,000 barrels in 19 hours.

There will be eighteen tanks of oil. Double bottoms are being built under the forward hold and engines. All wooden decks are of teakwood, the officers' quarters finished in mahogany. Ample quarters will house the crew of forty-one.

The construction is under Lloyd's special survey and the tanker will be classed as 100A1, the highest rating for a carrier of its kind. The latest safety devices, such as wireless apparatus and receivers for submarine signals will be installed.

The deign is by F. J. Crist, constructor for the Associated Oil company. All the material for the hull, boilers and machinery will be made on the Pacific coast.

1914 BALLOT WILL BE A BIG SHEET

The ballot for the 1914 election promises to be an exceedingly large one, for there will be constitutional amendments, bond issues and officials galore upon it. There will be twenty-five constitutional amendments passed by the last legislature for submission to the people, each of which must have its title printed in full on the ballot.

There will be four referendum petitions, those of the red light abatement and injunction law, the blue sky law, non-sale of fish and game, and the water commission act.

Initiative petitions will be six in number, those of the anti-prize fight, the prohibition measure, the eight-hour law, the requirement that voters at bond elections must possess property qualifications, and an amendment to the Torrens land act for the simplification of real estate titles and transfers, and poll tax abolition.

Besides that there will be a whole state ticket fro mthe governorship down through the state offices. There will be eighty members of the assembly to select and twenty for the senate. Besides there will be school boards, members of the judiciary and county offices under a non-partisan system who will also be voted on. For good measure four bond issues will also be up for action.

SAGE TEA DANDY TO DARKEN HAIR

Look years younger! Use the old-time Sage Tea and Sulphur and nobody will know.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around; so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance with a few days.

CALIFORNIA STOMACH SUFFERER TELLS HOW HE GOT QUICK RELIEF

L. C. Jones of Martinez Says Mayr's Remedy Gave Him Surprising Results

L. C. Jones of Martinez, Cal., suffered from stomach troubles for a long time. He tried many remedies. At last he took Mayr's Wonderful Stomach Remedy. The results surprised him.

In a letter telling of his experience Mr. Jones said: "I took Mayr's Wonderful Stomach Remedy with most pleasing and surprising results. My trouble has been principally gastritis, with gas around my heart, at times so bad had I thought I was going to die. My wife is also taking your remedy with pleasing results."

From all parts of the country such letters come by the thousands. Mayr's Wonderful Stomach Remedy is known everywhere. The first dose proves—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and poisonous matter. It brings quick relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations; many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to the Richmond Pharmacy and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects. —advt.

EAGLES TO GIVE THEATRE PARTY

(Special to Record-Herald)

OAKLAND, Feb. 13.—A record house is expected at the benefit theatre party which will be given at the Oakland Orpheum on Monday evening, February 23, by the drill team of the Oakland aerie, No. 7, Fraternal Order of Eagles, in order to raise sufficient funds for the team to attend the annual state convention of Eagles' drill teams which will be held this year in Fort Bragg from June 8 to 15 inclusive. It is proposed that the east bay drill teams, consisting of those of Oakland, Fruitvale and Alameda aeries, go to Fort Bragg by special boat. Three prizes have been offered for the three best-drilled and best-uniformed drill teams attending the convention as follows: First prize, $2.40; second prize, $100 and third prize, $50.

At the convention last year, held in Venice, the Fruitvale drill team captured first prize and is anxious to carry off the same honors this year. Oakland and Alameda are drilling nightly in order to upset the plans of the Fruitvale aerie and are intent that they shall win first place.

Many special features will be added to the regular program and among them will be an exhibition drill by the Oakland aerie drill team. The eastbay drill teams will attend the theatre party in full uniform and will occupy boxes reserved for them. All of the eastbay aeries are interested in the theatre party in having the section on the eastern side of San Francisco bay well represented at the coming convention.

GOOD PASTRIES PLEASE HUBBY

"Why, Helen, what in the world have you got here—are you starting a bakery?"

"No, Mary, but ever since I have been buying pies and pastries at the National Bakery, on the corner of Nevin avenue and Ninth street, Geo. never seems to get enough. He says they're better than I make myself. It suits me all right because I get out of the work of baking."

"I am going right down to that bakery now, Helen, and see if I can get something to please that particular hubby of mine." —advt

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

Don't stay crippled! This soothing penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

COUNTY NEWS

Sharkey of the Standard is much worked up over the fact that some of the Richmond newspaper men have shown up at the county seat lately with lively hat bands and clean shirts on. Sharkey, dear boy, it is not so much the kind of hat one wears that counts, but what is under it.

The directors of the Martinez-Benicia ferry company held a meeting a few days ago at Martinez and reported business conditions favorable. They expect that with the completion of the state highway between Richmond and Martinez travel will increase to such an extent as to necessitate the putting on of another ferry boat.

The Standard comes out with a big hurrah over the fact that Senator Owens changed his party affiliations a few years ago from Republican to Democratic. This, in the opinion of the Standard, is a high crime deserving of punishment, but the fact that Woodrow Wilson is president and both houses of congress Democratic at the present time indicates very strongly that several million other good citizens of the country bought the same way about it that Senator Owens did. Probably if he would change his creed from the Methodist to Baptist, or from Presbyerian to Episcopalian, he would, according to the logic of the Standard, be liable to eternal damnation. A smart man changes his opinion once in a while, but a fool never does.

A sensation was sprung in the law suit against the Cowell Cement company a few days ago by District Attorney McKinsey making the statement that the company is not being sued because of damage to the fruit and vegetation by reason of the dust its plant raises, but for damage to people and their homes. Most all of the testimony for weeks past has been along the lines of the dust hurting the vegetation, and the company has paid out several thousands of dollars to experts in defending that charge. In making this admission the district attorney may know what he is doing, but to a man up a tree the object of the admission is not obvious—maybe it is hidden by the dust.

If labor gets two cents for making and delivering a pound of sugar, how much ought the consumer pay?

IN ONE MINUTE! CLOGGED NOSTRILS OPEN—COLDS AND CATARRH VANISH

Stops Nasty Discharges, Clears Stuffed Head, Heals Inflamed Air Passages and You Breathe Freely.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrance which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

FIREMEN READY FOR THEIR BIG ANNUAL FEED

The committee from the various fire companies met in the Independent office, at 607 Macdonald avenue last evening and decided tohold their annual banquet inthe large dining hall of the St. Francis hotel on the evening of February 28th.

J. H. DeBarrows and C. H. McMasters were selected as the committee to handle the arrangements for the affair which promises to be one of the biggest banquets held in this city for some time.

ALLEGE ACT IS UNCONSTITUTIONAL

Suits to have Senate Constitutional Amendment Number 1, separating state from local sources of taxation declared unconstitutional, have been instituted in Oroville by the Butte county railway and the Diamond Match company against State Treasurer E. D. Roberts.

The complains allege that under the operationof the law, last year the Butte County Railway paid under protest to the state treasurer, the sum of $7,703.96, being 4 per cent of the gross receipts of the company, and the Diamond Match company $3,600, being 1 per cent of the estimated gross receipts.

The amendment is attacked on the ground that the tax is not uniform in that all corporations are not required to pay the same percentage upon the assessed valuation of their franchise; that the title of the act proposing the amendment was not explicit; that the act discriminates between various classes of corporations, not inherently different, and levies a tax arbitrary in amount; that the tax is levied in a fixed amount which does not purport to be based upon the needs of the State and California; that arbitrary power, without reference to the needs of the state is vested in the legislature to change the percentage charged; that some corporations paying the tax are relieved from all local charges, and others are not.

A lengthy list of alleged conflicts with the state constitution is set up in the complaint. It is alleged that the records of the state board of equalization are secret, and that the plaintiff has been unable to ascertain whether the tax sought to be enforced against similar corporations as the same as that enforced against the plaintiffs.

Double taxation is also alleged in that a franchise tax and a license tax is also collected by the state. Discrimination is also alleged in that a tax is collected from corporations that would not be collected from individuals.

HOUSING SURVEY NEARS COMPLETION

Rev. Carroll, an Episcopal clergyman of Mill Valley, is completing an extensive housing survey in this city. Rev. Carroll is working under the state housing survey commission and is gathering all data in regard to sanitation, and amount of space occupied by large families living in rooming houses.

EYE TALKS.

Why do your wear glasses?

No one under 40 years of age should have to wear a reading correction.

A deficiency of nervous energy makes the demand, a correction that conserves the waste and is what you need and you should wear it constantly.

The sudden or careless removal of your glasses gives the system a severe shock.

The proper fitting of a glass is as important an operation as any performed with a knife.

If you are not satisfied, come in and talk it over.

INCOME TAX LAW RED TAPE UNWOUND

WASHINGTON, Feb. 13.— After weeks of study of the complexities of the income tax law, Treasury officials today issued a ninety-page booklet, christened it "Regulations No. 33," and sent it forth to collectors of internal revenue in the expectation that it will clear up many of the misunderstandings concerning the law which have arisen throughout the country.

The book does not contain a new set of regulations, but is a compilation in compact form of the ones already issued, with explanations of points never before discussed. Under the law partnerships are not subject to the tax, but the regulations provide that annual profits from a partnership paid to members shall be included in their returns, and where such profits are undistributed and unpaid they must be ascertained and included in the individual's return for taxation just the same.

It is made clear for the first time that persons who have a net income of less than $2,000 all derived from investments and upon which the tax has been withheld at the source, shall not be required to make any return. Executors and administrators of estates of persons are required to pay the tax on the net income for the part of the year in which the deceased was alive.

Where persons taxable refuse to make the proper list or return or make false returns, the regulations provide that the proper collector of internal revenue shall, after due notice, make the return for such persons and the tax shall be assessed on this return, with a 50 or 100 per cent penalty added.

Taxes unpaid after June 30th shall bring a penalty of 5 per cent, after ten days' notice and demand by the proper collector and interest at the rate of 1 per cent a month from the date due. Returns shall be made to collectors before March 1st every year.
